To Whom It May Concern:

This letter of support is being sent on behalf of Aloha Harvest, a non-profit organization that provides food and soft drinks to homeless shelters such as ours.

We have been with Aloha Harvest for almost two years and our clients have greatly benefited from their overflow of prepared foods, soft drinks and staple products. Please know that when we distribute any of these items to our clients, they are very grateful and appreciative.

Many of our clients enter our program with little or no source of income. Our program provides breakfast and supper and clients must provide their own lunch. For those with no income, Aloha Harvest fills that gap. We continue to depend on their tremendous support.

We hope that funding outcomes for Aloha Harvest are favorable and we commend them for their excellent work with at-risk populations. If there are any questions, you may contact me at 696-6770 or 682-9000.

Sincerely,
U. S. VETS / WAIANAE CIVIC CENTER

Shannon Hayes, Site Director
