Ms. Kuulei Williams, ED
Aloha Harvest
3599 Waialae Ave
Honolulu, Hawaii 96816

Dear Kuulei,

The Waikiki Health Center's Youth Outreach (YO) Program is pleased to offer our support to Aloha Harvest in recognition of your mission to feed Hawaii's hungry. Aloha Harvest is a critical component in the network of organizations whose missions are caring for the under served. YO is proud of our ongoing partnership with Aloha Harvest.

YO provides health and social services to homeless, runaway, and street identified youth and young adults. This at-risk population is typically unable to obtain adequate foods and often suffers from malnutrition and other chronic and acute health issues. Aloha Harvest has consistently proven to be a reliable resource to help meet the nutritional needs of our homeless youth.

We appreciate your vital services and look forward to working with you in the future.

Sincerely,

Jeff Kaplan, MPH
Program Director
Youth Outreach Program
